<tr>
<td>Burden Averted: % DALYs averted by PSI in 2012 YTD as proportion of WHO (2004) Burden of Disease DALYs</td>
</tr>
</tbody>
</table>

- In 2012 YTD, 0.5% of global DALYs were averted by PSI.
- In Haiti, 0.4% of DALYs were averted by PSI in 2012 YTD.

Note: Updated WHO Global Burden of Disease estimates produced by IHME are anticipated late 2012

</tbody>
</table>

* Product was not distributed in YTD 2011

**DALYs averted and CYPs provided may be negative for products distributed in cases where PSI has distributed and inserted the same product. This is because DALYs averted and CYPs are calculated separately for products that are distributed and inserted; to avoid double counting, insertion DALYs and CYPs are subtracted from distribution.

**PROGRESS TOWARD HAITI 2012 PROGRAM DISTRIBUTION TARGETS (% of 2012 Target)**
